Re: Corporate Sponsorship of Webinars

Delta Nu Alpha is a national transportation fraternity dedicated to the training and education of young transportation professionals. Its membership includes representatives of carriers, brokers and shippers organized in local chapters and student members enrolled in college transportation programs.

In 2008, DNA will offer a series of 10 one and a half hour webinars with high educational content focused on issues of general transportation importance. Attached hereto is a summary of the topics to be addressed. The webinars will be delivered via computer and telephone hookup to chapter meetings and can be accessed by individual participants or on a group basis without participants leaving their office. The webinars will be interactive with time allotted for questions and answers, and will address key issues such as cargo claims liability and resolution, contracting issues, vicarious liability issues, proposed regulatory changes, etc.

Please consider becoming a corporate sponsor of these webinars. As a corporate sponsor, you will be given all of the course material for the 10 webinars, CD copies of the presentations, webinar links for up to 3 dial-in locations for each webinar and sponsorship acknowledgment in all publicity and the fraternity newsletter.

Finally, corporate webinar sponsors will be allowed to designate up to 4 employees as individual DNA members with full privileges for 2008. The price of corporate sponsorship is \$1,000 per sponsor. Please join us in this worthwhile endeavor by completing the attached form.
