EDUCATING TOMORROW'S TRANSPORTATION PROFESSIONALS TODAY

Summer 2016

Message From the President, Jim Hall

As our Chapter terms close for the summer, I hope this finds everyone doing well and enjoying the break. Our chapters have been very busy during the 2015-2016 term. Louisville has had some great programs and tours and been able to get information to us regarding Kentucky's First Ever Freight Plan. The plan is available online at <http://transportation.ky.gov/Planning/Pages/2016-Kentucky-Freight-Plan.aspx> and printed copies are available by email request to KYTC.ModalPrograms@ky.gov. Bowling Green is working with Western Kentucky on a Marketing Research Plan that will hopefully help all of us as we continue to grow. Nashville Chapter was able to donate \$15,000.00 in scholarship money to deserving students studying Logistics & Supply Chain Management. Additionally, our National organization was able to donate \$2,500.00 in a onetime Scholarship in memory of Jim Glover. In addition to that, we received a donation from Nancy Mason, long time member of #135 - of \$500.00 to put with that for a \$3,000.00 scholarship presentation.

We would also like to congratulate long time supporter and member of DNA, Mr. Joe Conard. After 30 years of supporting Delta Nu Alpha, Joe was awarded the "Leslie Ewing Lifetime Membership Award" at the Nashville meeting on June 2. Also, the "President's Award" was presented to Toby Kemp who has been very instrumental in our golf tournaments for the past 10 years.

As we move forward into 2016-2017 - we know we will face some struggles, but we all need to continue to move forward as we work to grow our chapters. I do not know the overall percentage of growth of our organization for this past term, but I feel sure there was growth overall. With the national board have re-activated paying each of the active chapters back a portion of the member dues for each new or renewing member, I feel like that was definitely a plus in our growth. We plan to continue to pay back the chapters as they grow!!

I look forward to beginning the 2016 - 2017 term of office and want to remind everyone that one of the first things we need to address are the Officers & Board elections. Anyone interested in serving/running for National line office, please let Laura know by October 1.

Everyone take care and enjoy your summer. Be safe in your travels.

Jim Glover Memorial Scholarship Winner Gayle Wilmore

On April 22, 2016 we lost our dear friend James W. Glover (Jim), Past International President, 1985-'86 and Chairman of the Board. Many of you knew Jim from all of the work he has done with Delta Nu Alpha including our history articles that were posted in each of our newsletters the past few years. Jim was an important part of Delta Nu Alpha and will always be remembered for his passion for the organization.

After a decade of experience in Philadelphia within the supermarket industry as a corporate distribution services staffer and distribution center operations superintendent and transportation superintendent followed by a year as a management consultant in the same fields, Jim Glover landed in South Florida as a new employee in the Traffic Department of Food Fair Stores to start a brand new expediting function-years before J.I.T. had been figured out. He did well with it and was promoted soon to Division Traffic Manager with an invitation to join Miami Chapter 53 of Delta Nu Alpha! Then he had to learn what traffic management was all about. Jim went on to be chapter vice president, president, and co-host of Delta Nu Alpha's 1977 National Annual Meeting at Hollywood, Florida. Jim got elected Regional Vice President of Southern Region 3 and went on to form Chapter 300 in Orlando, Chapter 87 (an old number) in Tampa, Chapter 313 in Melbourne and Chapter 324 in Sarasota. During this process Jim served on a number of national committees. He received the fraternity's Outstanding Regional Vice President Award in 1979. Finally, with support of people including our beloved and honored Max Powell, Jim ran for and was elected National Secretary Treasurer at the Annual Meeting in 1981 in Sun Valley, Idaho. To him, it always seemed there was lots more to be done and so, he chartered Can Alpha Chapter 325 in Toronto. Glover also established the Delta Nu Alpha Foundation. In 2011 he was awarded the Maxwell Powel Award.

In his memory, the National Delta Nu Alpha office donated a \$2,500 scholarship and additional \$500 was donated by long time member Nancy Mason. As a result the Jim Glover Memorial Scholarship totaled \$3,000. The scholarship was awarded to Gayle Wilmore.

After working for Peyton's Midsouth (Kroger) for twenty-four years, Gayle began her SCM career starting in the receiving department as an office clerk, handing freight bills and scheduling loads inbound. She moved to lead person the the unloading dock and was promoted to supervisor over all three shifts, handling all incoming freight into the warehouse. She is now the manager over Receiving and Inventory Control.

Her new journey as a college student started in the Fall of 2014. Gayle then realized that her experience with transportation and warehousing and business logic made sense to pursue her educational journey. She received her certificate in Logistics and Supply Chain Management and is continuing to work on her Associate Degree at Volstate Community College. She is an honor roll student, holding a 3.874 GPA.

Gayle Wilmore

"With a continuing acknowledgement and encouragement that DNA offers to people that might want to go forward in this field, in the future I want to be able to help and encourage others to go further with their education in transportation and logistics," said Gayle.

Delta Nu Alpha Offers Five Online Continuing Education Webinars

Consistent with its goal of promoting education in transportation and logistics for its members and other transportation professionals, Delta Nu Alpha is happy to announce the availability of five new online webinars. These webinars were recorded in the Spring of 2014 as part of a Supply Chain Knowledge Management course at the University of Alaska Anchorage in their Master of Science in Global Supply Chain Management program. Each webinar has been approved for Continuing Education credit by the CCPAC (Certified Claims Professional Accreditation Council).

Topics Covered

- General Principles of Federal Transportation Law and Bill of Lading Terms and Conditions.
- Motor Carrier Service Terms and Conditions affecting freight charge collection, freight claims, accessorial charges and more.
- Contracting for Interstate Truck Service - Typical issues to be addressed in shipper/carrier contracts / a discussion of 13 provisions in typical shipper contracts which affect the risk analysis of carriers and brokers.
- Cargo Claim Mitigation, Adjustment and Resolution - A practical analysis of the Carmack Amendment and Handling of motor carrier claims.
- Liability Runs Up The Supply Chain - Who is responsible for certifying motor carriers as fit for use? A critical analysis of SMS methodology.

Delta Nu Alpha's Target Audience

These webinars are made available to Delta Nu Alpha members and the general public for \$40 per course. Registrants seeking continuing education credit from CCPAC or MCIEF should so indicate at time of registration and complete the self-reporting certification provided upon confirmation of payment.

These and future webinars are being offered to fill a felt need for practical education in transportation and logistics. All revenues less expenses will be used to support Delta Nu Alpha's continuing education programs including student scholarships.

The presenter of each webinar is Henry E. Seaton, Esq. who serves as Delta Nu Alpha's International Vice President, a noted author and lecturer on transportation legal issues. More information on Mr. Seaton may be found at www.transportationlaw.net.

How to Obtain a Webinar

You will be able to access the webinars from the Delta Nu Alpha homepage here: www.deltanualpha.org.

Support for Logistics Jobs

Delta Nu Alpha has become aware of a very helpful logistics employment support site for its members.

AldenLaw, a transportation law firm located in Columbus, Ohio, has set up what they call their "Wednesday Employment Blast". Currently listed are over 100 management positions nationwide, and even more resumes. The AldenLaw site is tied in with Columbus State Community College's "LogisticsArt" Program which has an extensive list of entry level resumes of people fresh out of the Logistics Art Retraining Program.

Please view the website at www.aldenlaw.net and click on "Industry Employment". We suggest that you add your email address to receive future blasts and utilize this site for your open positions or resumes.

Delta Nu Alpha was assured that there is no cost involved for employers or employees and that the list is not shared in any way. This logistics site is simply AldenLaw's support for our industry.
